

REMARKS

[0003] Applicant respectfully requests reconsideration and allowance of all of the claims of the application. Claims 1, 3-15, 17-29, 31-43, and 45-50 are presently pending. Claims amended herein are 1, 15, 29, and 43. Claims withdrawn or cancelled herein are 2, 16, 30, and 44. New claims added herein are none.

Statement of Substance of Interview

[0004] The Examiners graciously met with me—the undersigned representative for the Applicant—on Aug. 22, 2007. Applicant greatly appreciates the Examiners' willingness to talk. Such willingness is invaluable to each of us in our common goal of an expedited prosecution of this patent application.

[0005] During the interview, I discussed how the claims differed from the cited art, namely Bowman and Adar. Without conceding the propriety of the rejections and in the interest of expediting prosecution, I also proposed several possible clarifying amendments.

[0006] The Examiners were receptive to the proposals, and I understood the Examiner to indicate that proposed clarifying claim amendments directed to clarifying multi-sense query would appear likely to distinguish over the cited art of record. For example, the Examiner indicated that clarification regarding multi-sense query would appear to distinguish claim 1 over the cited art, which relies on proximity to show term relationship. However, the Examiner indicated that she would need to review the cited art and do another search upon receiving this formal response.

[0007] Applicant herein amends the claims in the manner discussed during the interview. Accordingly, Applicant submits that the pending claims are allowable over the cited art of record for at least the reasons discussed during the interview.

Formal Request for an Interview

[0008] If the Examiner's reply to this communication is anything other than allowance of all pending claims, then I formally request an interview with the Examiner. I encourage the Examiner to call me—the undersigned representative for the Applicant—so that we can talk about this matter so as to resolve any outstanding issues quickly and efficiently over the phone.

[0009] Please contact me or my assistant to schedule a date and time for a telephone interview that is most convenient for both of us. While email works great for us, I welcome your call to either of us as well. Our contact information may be found on the last page of this response.

Claim Amendments

[0010] Without conceding the propriety of the rejections herein and in the interest of expediting prosecution, Applicant amends claims 1, 15, 29, and 43 herein. Applicant amends claims to clarify claimed features in accordance with our discussion with the Examiners. Such amendments are made to expedite prosecution and quickly identify allowable subject matter. Such amendments are merely intended to clarify the claimed features, and should not be construed as further limiting the claimed invention in response to cited prior art.

Substantive Matters

Claim Rejections under § 103

[0011] Claims 1-50 are rejected under 35 U.S.C. § 103. In light of the amendments presented herein and the discussion during the above-discussed Examiner interview, Applicant submits that these rejections are moot. Accordingly, Applicant asks the Examiner to withdraw these rejections.

Dependent Claims

[0012] In addition to its own merits, each dependent claim is allowable for the same reasons that its base claim is allowable. Applicant requests that the Examiner withdraw the rejection of each dependent claim where its base claim is allowable.

Conclusion

[0013] All pending claims are in condition for allowance. Applicant respectfully requests reconsideration and prompt issuance of the application. If any issues remain that prevent issuance of this application, the **Examiner is urged to contact me before issuing a subsequent Action.** Please call/email me or my assistant at your convenience.
